ABOUT THE EVENT

BIMEX 2026 –is an advanced platform for manufacturers, exporters, and service providers in the healthcare industry looking to explore, showcase, and expand into new or existing markets in Bangladesh. As the most comprehensive event of its kind in the country, BIMEX 2026 brings together industry leaders across Medical Equipment & Technology, Lab Technology, Physiotherapy and Medical Disposables. The expo serves as a dynamic hub for collaboration, innovation, and growth—uniting healthcare professionals, suppliers, distributors, and decision-makers under one roof.

HIGHLIGHTS OF THE EVENT

- Explore the latest medical technologies & services
- B2B matchmaking
- Seminars on Innovative medical technology
- International Healthcare Conference
- Workshops on Physiotherapy technology

FACTS OF BANGLADESH'S MEDICAL INDUSTRY

OVERVIEW:

The medical equipment and devices industry is currently at a nascent stage with 85 percent of devices being imported. The size of Bangladesh market was estimated to be valued at USD 442 million in June 2020 and is expected to reach approximately USD 820 million in 2026, growing at a CAGR of 13%. The market currently is dominated by the instruments/appliances segment and diagnostic imaging equipment in terms of value, which are expected to grow steadily.

At present, over 4,000 medical devices and equipment are in use in the country, about 5-7% of which are manufactured in the country. Among the locally produced items, majority are consumables/disposable with an estimated market size of USD 55-60 million. Aside from consumables, Bangladesh also produces orthopedic products, surgical sterilizers, hospital furniture, home care devices, electrocardiograms and other small instruments, albeit at a small scale. The demand for IVD device/ kit is expected to be the fastest growing segment, followed by cardio logical devices, consumables and diagnostic imaging equipment. The COVID outbreak has enhanced local production of personal protection equipment (PPE) including protective masks/ clothing, respirator, hospital gowns.

KEY OPPORTUNITIES FOR EXHIBITORS:

- **Medical Equipment & Tech:** High demand for imaging systems, ICU devices, and surgical equipment (85% imported)
- **Diagnostics & Lab Tech:** 40% growth forecast due to new hospitals and digital pathology adoption
- **Physiotherapy & Rehab:** Expanding market with rising NCD cases and sports medicine demand

ABOUT THE ORGANIZERS

“Our Massive Medical and Wellness Industry Experience A Quality Assurance Of Our Events!”

Savor International Limited

SAVOR International Limited is an exhibition organizer that provides the industry with platforms that bring together buyers and sellers from around the world, through a portfolio of exhibitions, content led conferences & seminars. SAVOR is an interface between government, business, academia, society and media etc. SAVOR hosts large scale exhibitions and conferences across the country every year; thereby enabling trade across multiple industry verticals.

Hospital Technicians	Care Services and Self-help Groups
<ul style="list-style-type: none">• Biologists, Biochemists, Technicians• Diagnostic and Laboratory Experts	<ul style="list-style-type: none">• Medical equipment Imports, Distributors and Wheelchair, Supply Chain Managers <p>and more....</p>

UNIQUE PROPOSITION OF BIMEX 2026

- A specialized exhibition targeting Medical and Health Care Industry in Bangladesh which will help to develop the urban and rural health care industry of our country.
- Participation of international companies and organizations of medical industry and delegation from China, Singapore, Turkey, Germany and other highly prospective countries.
- Interactive seminar by the industry leaders and international envoy about the latest medical technologies and inventions.
- Extensive integrated brand communication for BIMEX 2026 to the Market.
- Opportunity to gather knowledge about new technology and innovation in Medical and Health Care Industry that may help exhibitors to stand for tomorrow.
- Personalized invitation card to important and influential visitors.

EXHIBITOR PROFILE

Medical Technology

- Medical equipment, diagnostic equipment
- Therapeutic equipment, Life support equipment
- Medical monitoring,
- Alternative medicine biomedicine
- Health care / preventive health care
- Rescue and emergency equipment, medical
- Radiobiology, brain science
- Pathology / forensic medicine
- Physiotherapy / orthopaedic technology
- Equipment and devices for dentistry branches
- Equipment and devices for veterinary medicine
- Packaging / aseptic packaging
- Neurosurgery / spine surgery

Hospitals / Health Centres / Clinics Equipment and Products

- Furniture, assemblies and fabrics
- Communication and information technology
- Facility management, waste management
- Hospital and clinical utilities
- Surgical instruments / suction equipment
- Surgical room equipment, air purifier

Laboratory and Analytical Equipment and Products

- Laboratory technology and equipment laboratory equipment
- Thermal equipment Mechanical equipment Isolating technology reaction equipment
- Dosing systems, accessories
- Gas technology, safety technology
- Pumps, conveyors and connectors
- Cleaning equipment, drying equipment
- Bio analysis, bio chemical
- Microscopes and imaging
- Analytica instrumentation and systems
- Instruments for physical and chemical analysis

Biotechnology and Diagnostics

- Bio analysis, biochemical, bioinformatics
- Equipment for biotechnology
- Diagnostics kits
- Testing and measuring instruments
- Quality control services
- Material testing temperature tracking

Physiotherapy & Rehabilitation

- EMS/TENS units
- Ultrasound therapy machines, Laser therapy equipment
- Interferential therapy devices
- Robotic gait trainers
- Neuromuscular stimulators
- Continuous passive motion (CPM) machines
- Hydrotherapy equipment, Hot/cold therapy systems
- Orthoses/prostheses manufacturers
- Wheelchair & mobility scooter companies

Service Provider

- Consulting services, TQM, education / training
- Specialists literature
- Institutes / academies / associations / services

Hospital Infrastructure

- HVAC and medical gas, OT and clean room partitions
- Building materials and drywalls
- Flooring, ceiling, roofing, doors
- Construction and engineering
- Patient safety and nurse call systems, special paints
- Catering equipment and services
- Architecture, planners and consultants
- Lighting / electrical fittings
- Emergency medical care and transportation
- Building automation systems
- Storage solutions, surgical table/OT table

Healthcare IT / Technology

- Telemedicine, 3D printing
- Wearable technology
- Software, personal healthcare technology
- Wireless health / mobile health
